DR BARMAN'S SUPERBRUSH REGULAR ASSORTED COLOR

Ref. 70259

The revolutionary Dr. Barman's Superbrush cleans all three surfaces of the teeth simultaneously. Its ease of use allows the inside of the teeth to be cleaned as thoroughly as the outside. The soft bristles are angled exactly to hug teeth. The Superbrush efficiently cleans along the gum line.
It is specifically the gum line that requires careful attention to prevent plaque build up and gingivitis. With the three contact points of the brush head, toothpaste is evenly distributed. The fluoride in toothpaste can be spread to the high risk areas of the gum line, teeth fissures, and the molars.
Clinical trials show the Superbrush leads to healthier gums. With more contact on the teeth surface, it removes 27% more plaque than the conventional toothbrush.
Plastic hangle, polyamide brush hairs
Mixed colors into the cartons
Registered Trade Mark
