CUBIC MULTI SOCKETS + 2 USB PORTS

Ref. 91188133

Often we will find ourselves short of power sockets at home to supply power to all the appliances that we want to use at the same time. Either because they are blocked by bulky plugs and cannot be used anymore, or there are just a few near us. Using regular extension cords to multiply sockets, often deals with long unnecessary cords. Besides, more and more electronic devices are charged with USB cables, but notebooks only provide limited USB ports.
Available with a 1.5 m or 3 meters cord.
