## SOLAR POWERED PAW PRINT LIGHTS SET X 4

Ref. 11184133

Decorative garden lighting.

Brighten up your garden at night time with fun solar paw print lights

Shaped like the paw prints of a cat or dog, the set of four lights switch on automatically at dusk and provide up to 8 hours of cool white LED light on full charge.

Being solar they don't need to be connected to the mains. They don't need replacement batteries either. The lights come with a ground spike solar charging sensor which uses the sun's energy to charge up during the day and then light up at night.

Each paw print has a small spike underneath, so they're ideal for pressing into soft ground, gravel or turf. Completely weather proof, the entire set may be left outdoors in all weather.

Shines from dusk to dawn. Solar powered (battery included). No outlet required. Easy installation.

## ANTS TABLET ECO "WINN'S"

Ref. 81016104

Winn's Eco Ant Tablet contains no insecticides and is the only product of its kind.

It is impregnated with a substance composed entirely of vegetable oils.

Ants use pheromones to send messages to each other and leave paths. The smells given off by the tablet are unknown to the ants and block their ability to pick up their natural pheromones, and this disturbs their behaviour. As a result, the ants cannot find their way back to their nest and are forced to look somewhere else for food.

The mixture is contained in a recyclable polyethylene tablet.

Winn's Eco Ant Tablet does not contain any toxic substances, biocides, traps, repellents or products harmful to the environment.

Contains <5% Eco-mixture of vegetable oils

Instructions for use: Remove the tablet from its packaging and place it in the path of the ants or on the nest. It should
